What is your organization's mission and vision?

To provide patients with chronic health conditions, which require specialized medications, personalized patient support, clinical care, financial assistance, and medication counseling while allowing the patient convenient access to their medication at their trusted local Price Chopper/Market 32 Pharmacy.

How does your organization impact the specialty patient care journey and help put the special in specialty pharmacy?

Through the delivery of our centralized patient care management programs we are giving our patients and health care providers the dedicated specialty medication support they need, while still providing the convenience and comfort of interacting with a trusted local pharmacy team. Each patient we care for is unique with individual needs, our personalized collaborative approach is tailored to address those needs and maximize therapeutic outcomes and patient satisfaction.

How does your organization define success?

We take great pride in our successful development of positive patient and health care provider relationships. Our success is driven by these relationships and exemplified by improved patient outcomes, higher levels of patient-reported quality of life, and sustained patient and health care provider satisfaction.

What else would you like people to know about your organization?

Our capabilities extend beyond supporting patients and health care providers. Our comprehensive program is also well-equipped to support the diverse needs of manufacturer and payer partners. Our dedicated team provides the unique flexibility to design and implement customized innovative solutions targeted to meet our partner's individual objectives while remaining focused on delivering appropriate value.
