

NASP

NATIONAL ASSOCIATION OF
SPECIALTY PHARMACY

Corporate Member of the Month

July 2021

SHIELDS
HEALTH SOLUTIONS

Company Name: Shields Health Solutions

Located: Stoughton, Massachusetts

Number of Employees: 1,100

Type of Business: Specialty pharmacy integrator/accelerator

What is your organization's mission and vision?

To become the industry leader in providing innovative care to the nation's most complex patient populations.

How does your organization impact the specialty patient care journey and help put the *special* in specialty pharmacy?

Once a patient enters our care model, we are with them every step of the way. We secure medications that others can't with an average copay of \$10 and get patients on therapy in an average of just two days. Once in our model, a Patient Liaison works alongside the patient through their medical journey, guiding them through the process, resulting in a 92% adherence rate and an 84 Net Promotor score.

How does your organization define success?

We define success by the number of patient outcomes we improve and the number of lives we touch through our innovative and patient-centric care model.

What else would you like people to know about your organization?

We are the nation's leading specialty pharmacy integrator and accelerator with over 70+ hospital and health system partners representing 850+ hospitals across 43 states. Not only do we care for the well-being of patients, but we care about the well-being of our hospital and health system partners as well with 95% clinical intervention acceptance rate, 90%+ payor access, 90%+ LDD access and a 13% reduction in total cost of care.

Who and how should other NASP members contact you to learn more about your organization?
