Additional information about Accessia Health

Americans are struggling to access healthcare. In 2020, 21% of working-age adults in the U.S. didn't visit a doctor or fill a prescription, and 19% skipped

recommended care to avoid costs. Accessia Health is committed to helping patients who struggle with financial burdens that can contribute to a lack of essential care. The organization has distributed over \$1.1 billion to patients throughout the country, helping them navigate their way through the complexities of the healthcare system. With over 30 years of experience, Accessia Health is committed to working with providers, pharmacists and collaborative stakeholders to care for the whole patient and family through expanded programs and services. Our innovative approach to care expansion with an intentional focus on health equity is changing the landscape for patient access for the most vulnerable patient populations.

NASP is pleased to announce our redesigned Spotlight: NASP Corporate Members of the Month program, expanding our focus from one corporate member each month to four – and featuring one each week. Why the change? NASP has experienced tremendous growth and membership diversification so this change is necessary to keep you up to date with all the incredible organizations who ARE NASP. Spotlight is designed to increase awareness about the amazing work and invaluable contributions of each of our corporate members and allow members to connect with each other.
