Additional information about Duane Morris

For well over two decades, Duane Morris' Pharmacy
Law Group has represented thousands of pharmacies
including specialty, retail, home care, long-term
care, compound, and mail order pharmacies in
all aspects involving their operations including:
negotiating with pharmacy benefit managers for
improved reimbursement rates for branded and
generic drugs, resulting in millions of dollars in
additional reimbursement; obtaining network status
after being denied or excluded; overturning decisions
by pharmacy benefit managers to terminate them
from their networks; responding to audits, appealing
audits and successfully challenging audit results.
Our attorneys have defended numerous pharmacies
in connection with investigations by State Boards of
Pharmacy, Attorney General Offices, United States
Attorney's Offices, and multiple other state and
federal government agencies and frequently consult
with state and federal legislators in the drafting and
proposing of legislation to reign in abuses by certain
pharmacy benefit managers and improve protections
afforded to pharmacies.
