Business Type

We are a partner for healthcare organizations (pharmaceutical manufacturers, hospitals, retail and community pharmacies) and have been for over 40 years. Our solutions optimize financial performance, compliance and proper drug disposal while ensuring safety along the supply chain.

What is your organization's mission/ vision?

We make businesses smarter to improve consumers' lives.

What else would you like people to know about Inmar Intelligence?

Inmar Intelligence is the industry's largest Rx returns manager - processing pharmaceutical returns for more than 85% of U.S. hospitals and 50k pharmacies nationwide. Our waste-to-energy program produces eight million kilowatt hours annually from product returns. In addition, we process 1.9 billion Rx claims annually making us the largest provider of third-party Rx reconciliation in the U.S.
