What is your organization's mission/ vision?

Accreditation Commission for Health Care (ACHC) is dedicated to delivering the best possible experience and to partnering with organizations and healthcare professionals that seek accreditation and related services.

What else would you like people to know about ACHC?

Years ago, a small group of home care leaders and providers noticed a need in their industry and decided to face a new endeavor, head-on. At the grassroots level, they embarked on a journey to create an accreditation option that was sensitive to the needs of small providers in North Carolina. Their mission: to “ensure a voice for providers.” Today, ACHC is an internationally recognized accrediting body with customers throughout the United States and beyond. We remain committed to providers, customer service, and quality patient care.
